

FOURTH & LAST SESSION

IN OUR SERIES OF INTRODUCTORY ONLINE SESSIONS

BIODYNAMICS AND ITS ROLE IN AGRICULTURE

Join us for the FINAL 2020 online session presented by BDAASA training programme, as we cover the following:

31 OCTOBER: How to work with the 4 elements, lifecycles and the planting calendar, in your agricultural practice throughout the year.

This session is presented in collaboration with **Dr Georg Meissner**, international advisor and researcher in Biodynamic practice **and Helen van Zyl**, Biodynamic trainer.

Date: Saturday 31 October; 10 - 12 pm (2 hours)

Cost: R250 per session (once off). BD Members pay only R180 per session.

Bookings and Payments: Bookings and payments must be received by no later than the 27 October 2020. A Zoom link will be provided once we have payment. (Zoom is free to download)

To book your place, please email us at training@bdaasa.org.za and also provide your invoice details if required.

For a more in depth understanding of biodynamics, ask us about our 2-year online diploma
